Facebook: Phan Hung (<https://goeco.link/QjYBc>)

OBJECTIVE

I am a Dynamic and Detail-oriented Web Developer with 6 months of hands-on experience in ReactJS, HTML, CSS, and JavaScript. I love exploring new technologies and coding complex functions. I have a solid understanding of software development, REST APIs, and web application design.

I'm regarded as a team player since I enjoy lending a hand to others and doing well when working in a group.

SKILLS

Programming Languages:

HTML, CSS, JavaScript, TypeScript.

Frameworks / Platforms:

ReactJS, Redux, Redux-toolkit, Bootstrap, styled-component, Ant-design.

Foreign Languages:

English (reading).

Version Control:

Git , Sourcetree.

Soft Skills:

Teamwork, Technical communication, Highly adaptable.

Others:

Organization and time management, Self-discipline and responsibility, willing to learn a new language or technology.

EDUCATION

August 2022 - February 2023

FRONT-END DEVELOPER

CyberSoft Academy

Learning experiences such as a 6-month internship, continual coding projects, grouping, debate, thinking analysis, and problem solution

2021 - 2024

SOFTWARE TECHNOLOGY

Gia Dinh University

INTERESTS

I enjoy taking part in team-building activities and reading books about technology.

CERTIFICATIONS

2023

CYBERSOFT PROFESSIONAL FRONT-END DEVELOPER CERTIFICATE

PROJECTS

Project 1 : e-learning
